

David Hopkins, KASPER Program Manager

Mr. Hopkins has twelve years of experience working with the Kentucky All Schedule Prescription Electronic Reporting System (KASPER) Program. He has been responsible for KASPER training. Mr. Hopkins also manages the Federal Prescription Drug Monitoring Program Grants that provide funding support for the program. In addition, he coordinates the KASPER Advisory Council. The KASPER data has been use in analysis and research.

Session Title:

An Update on the Kentucky All Schedule Prescription Electronic Reporting System (KASPER)
